MAIN STREET --- BOW ISLAND

Mr. F. Perry returned to Grassy Lake on Saturday morning last from Medicine Hat hospital where he has been a patient for over a week. We all hope he has improved in health.

A most enjoyable evening was spent last Thursday at the home of Mr. and Mrs. Bradner when they entertained a few of their friends. Games were the order of the evening, with music after which refreshments were served.

A special program was put on by the boys and girls of the United Sunday School last Sunday morning, recitations were given and hymns were sung. The Glee Club also played several selections.

Mr. J. Polit, last Tuesday morning had the rather unusual experience of seeing his milk wagon disappearing up the street, while he was at the Depot. His horse got frightened at the engine of the Westbound Passenger Train.

Don't forget that Hatfield the Rainmaker starts operations on April 1st. A reader was asking whether Hatfield's operations near Winnifred, Bow Island, Burdett and districts adjoining, any reader that can give us any information on this subject it will be greatly appreciated.

**St. Michael's Church**  
Sunday April 3rd, 1921

Mass will be celebrated at 11 a.m. Sunday April the 3rd.

Mr. T. Blaine arrived in town on Saturday morning to spend the week end.

## Bow Island

Miss McLaren of the local School Staff spent the Easter Holidays at her home in Medicine Hat, and it is with general regret that the many friends she has made during the short time she has been here, learn that she is leaving Bow Island for good at the end of March.

The Missionary Society will hold a meeting in the Union Church on Wednesday afternoon April 6th.

The meetings will meet at 2 o'clock and at 3 o'clock, a short programme will be given open to all, after which refreshments will be served.

W. Wicker ("Mayor of Swallow") spent the Easter Vacation with Mr. and Mrs. H. Roach

Miss Knox accompanied Miss Matson home for the Easter Vacation

Dr. Cairns of Bow Island we notice is quite busy these days, his pleasant manner and deep fund of scientific knowledge, deftly used to allay pain and suffering, is winning him an ever enlarging circle of friends and patients who have absolute confidence in him as a Doctor and a thorough gentleman. We think him the greatest success which he deserves.

The Misses McClellan of Lethbridge are the guests of Mrs. F.O. McKenna for the week.

The Anglican Ladies Aid gave a Tea and Sale of Candy in the Rest Room on Saturday last, which was a marked success, the proceeds amounting to \$51.00. The tables were very dainty with flowers as decorations and the refreshments were up to the standard for which the Ladies of Bow Island are famous.

On the 17th inst. a meeting was held in the O.W.V.A. Club Room with the view of forming a Base Ball League to include: Burdett, Bow Island, Winnifred, Foremost, Seven Persons and Grassy Lake. Delegates were sent from each Town, and it was decided that it was unanimously decided to form such a League. Mr. P.C. Bushing was elected President, J. Reid Vice-President and H.H. Roach Secretary-Treasurer, subject to approval of the next regular meeting. The League is to be strictly amateur in every respect, and a set of By-Laws were drawn up to be discussed by the Local Clubs and passed at the next League Meeting to be held in Bow Island on Saturday April 19th. This League should have the co-operation of the whole district and should boast good clean sport along the Crown Line.

The League is open to receive suggestions as to a name for the League.

Mrs. Roy Beattie is visiting her sister in Aeme, over the Easter Holidays.

Mr. Gladman of the Bank of Montreal spent the Easter Holidays in Lethbridge and Edmonton.

Mr. and Mrs. DeLong and little daughter left last week for Medicine Hat where they had formerly lived. Mr. DeLong was one of the staff of the Globe Store during their stay here about five months.

Miss Hobens spent the week end in Bow Island.

Mr. E.D. O'Neill spent the week end in Bow Island.

U.F.A. and U.F.W.A. Pres. D.J. James Pres. Mrs. H. Schonauer Sec. G. Mons Sec. Mrs. G. Calder Will meet on Saturday April 9th.

Mesdames Fuller and Klentsche entertained at a five hundred party on Tuesday afternoon, the guest of honor being Miss McLaren, who has been teaching on the local school Staff since Xmas and now returning to Medicine Hat to take a summer course.

About thirty five ladies were present.

Mrs. P. Duffy won the first prize while the consolation went to Mrs. Pealer.

A very pleasing event took place when Mrs. Roach presented Miss McLaren with a box of chocolates as a token of regard from some of her Friends.

A very dairy tea was served, Mrs. Fuller and Mrs. Klentsche being assisted by Mrs. Bateman and Miss Duffy.

Mrs. E. Thompson has as her guest Miss Lynn of Lethbridge.

The United Ladies Aid met Thursday afternoon in the Rest Room with a good attendance of members and visitors. Mrs. Hanna was hostess.

Mr. and Mrs. J.J. Brown were business visitors to Medicine Hat last week.

Roy Munro is preparing for spring work on the A.C. Gage farm. Roy says he won't ... all summer. Don't think we either.

Mrs. L.A. Ostrom made a business trip to Medicine Hat last Tuesday.

Mr. and Mrs. Potter have returned to the farm after spending a pleasant winter in town we hope they have a bumper crop this year.

We are all glad to know that Rev. Mr. Gilbert and family are all well again and out of quarantine. Rev. Gilbert conducted the services in the United Church Sunday evening, the church was nicely decorated with flowers suitable for the occasion.

On the 17th inst. a meeting was held in the O.W.V.A. Club Room with the view of forming a Base Ball League to include: Burdett, Bow Island, Winnifred, Foremost, Seven Persons and Grassy Lake. Delegates were sent from each Town, and it was decided that it was unanimously decided to form such a League. Mr. P.C. Bushing was elected President, J. Reid Vice-President and H.H. Roach Secretary-Treasurer, subject to approval of the next regular meeting. The League is to be strictly amateur in every respect, and a set of By-Laws were drawn up to be discussed by the Local Clubs and passed at the next League Meeting to be held in Bow Island on Saturday April 19th. This League should have the co-operation of the whole district and should boast good clean sport along the Crown Line.

The League is open to receive suggestions as to a name for the League.

Mrs. Roy Beattie is visiting her sister in Aeme, over the Easter Holidays.

Mr. T. Blaine left Saturday night right for Montana, U.S.

A dance was given in the L.O.H.E. Hall last Monday evening by the Crow Line Orchestra. There was a large crowd present and an enjoyable evening was spent, a nice lunch was served, and good music supplied. The crowd departed about two o'clock.

The U.P.A. & U.F.W.A. held a meeting in the Rest Room on Saturday evening. After the meeting there was a programme the first item being a grand march, several recitations were given, and everyone sang O'Canada. There was a small race race for the men and women and the women were first, won first prize.

Mr. Gladman of the Bank of Montreal spent the Easter Holidays in Lethbridge and Edmonton.

Mr. and Mrs. DeLong and little daughter left last week for Medicine Hat where they had formerly lived. Mr. DeLong was one of the staff of the Globe Store during their stay here about five months.

Miss Hobens spent the week end in Bow Island.

Mr. E.D. O'Neill spent the week end in Bow Island.

U.F.A. and U.F.W.A. Pres. D.J. James Pres. Mrs. H. Schonauer Sec. G. Mons Sec. Mrs. G. Calder Will meet on Saturday April 9th.

Deaths...  
John... died at an arch-  
residence after a prolonged  
illness which mainly affected his  
head. He was in his 87th year. The  
peaceful death of John...  
John... who had been  
a sign of improvement in  
the town since his return home  
January 1 last, from Union  
City, where he was taken sick  
early in December, suffered  
a sudden death yesterday morning.  
He had been ill for a long time  
and had been confined to bed  
since his return home. The sudden  
change of temperature, which brought  
on the fatal attack, had been  
followed by fits of delirium.  
The sudden change of  
temperature, which brought on the  
fatal attack, had been followed by fits of delirium.

A party of armed men riding in a  
motor lorry attacked two savings  
banks in Mansfield and succeeded in  
getting about \$200,000 marks from the  
institution. The banks had been  
robbed twice before this day and strikers in that town compelled the  
Helbra Anzeiger to suspend publication.  
A large crowd surrounded the police barracks at Hettstedt and demanded the surrender of arms stored there.

Communist leaders tried to hold a  
mass demonstration in Hellriegelst  
Field but were unable to obtain pos-  
session of the field as the police had  
erected a fence around the enclosure  
and the police had started armored  
cars at strategic points. The crowd  
was burst into flames and  
instantly dispersed and  
would have resulted  
in serious injury to the police, forcing them to  
call off the demonstration. The  
Comintern Volks Zeitung has  
called upon the workers to arm themselves.  
Reports of serious rioting in Eisen-  
berg, Prussian Saxony, have been re-  
ceived. Communist there attacked  
police, forcing them to  
close headquarters were  
set several

## The Swing of the Pendulum

The enormous demand for products and goods of all kinds during the war, and the consequent rapid rise in prices not only for such products and goods, but for all materials and labor entering into their production for war, created a problem in finance and production which was the bane of brains in all countries. Phenomenal increases in price of all commodities is inevitably forced increased wages paid to workers in order that they might be able to maintain themselves and their families. And increased wages could have no other effect than to give still another boost to the costs of production, and, as a natural result, another advance in prices. Another call for an increase in wages was given and another increase demanded.

With the conclusion of the war came a sudden cessation in the demand for those articles which were required in enormous quantities during the struggle. Coupled with this cessation was the return of millions of men from the

and the necessity of absorb-

ductive work of the

%, and by setting those  
rite, settle the problems  
-steak or chop might be substituted  
for fish. Potatoes creamed and  
baked with cheese might replace the  
macaroni dish. Baked apples are  
used.

A piece of meat is sometimes de-  
sirable. In a baking dish put a slice  
of sugar-cured ham. Over this pour  
sufficient milk to well cover. Then  
put a layer of potatoes cut into one-  
fourth inch slices over the meat and  
top with potatoes with milk and  
spread a bit of fat trimmed from  
some of the ham over it. Sprinkle  
with paprika or white pepper. Cook  
slowly in a moderate oven for five  
hours. The potatoes become tender,  
the meat the right. This may be  
heated just before serving and with  
baked fruit and bread, and butter  
makes a very delicious meal.

From little trips out of the home,  
the housewife often returns with a  
meal which is worth buying? Every  
is much happier for the change. But  
the good of this is lost to a great  
extent if she has to rush frantically  
about wondering what to get ready  
for the family in a hurry.

**Aspirina Overcome.** The trou-  
blesome asthma has assuredly come. Dr.  
J. D. Kellogg's Aspirina Remedy has  
proved to be the best medicine to  
relieve the attacks. Letters re-  
ceived from many who have tried it  
form a testimonial which leaves no  
doubt as to its value. It is a simple  
remedy. Get it to-day from your  
druggist.

Getting Meals  
in Advance

BY LORETO C. LYNCH  
An Acknowledged Expert in  
All Matters Pertaining to  
Household Management.

There comes a time in the life of  
every housewife when she must either  
be absent from the family board or  
when she returns home so late that  
she must prepare most of the meal  
she wants to eat earlier than is feasible for  
one concerned. She has a few emergency menus on hand.

One of these consists of Boiled  
fish, green peas, baked macaroni  
with cheese, cold slaw or cabbage  
salad and apple sauce. The macar-  
onni may be boiled the day before,  
rinsed with cold water and set aside  
in the refrigerator. The apple  
sauce may also be prepared. The  
cabbage may be shredded and tied up  
in a cloth.

On the morning of the day you ex-  
pect to be away, make up the white  
sauce and arrange it and the macaroni  
in the greased baking dish. Sprinkle  
the cheese over the top. And re-  
place it in the ice box. Finish mak-  
ing the meal.

Boil the peas, drain the water from them and  
rinse under the running water. Al-  
low them to air, spread out upon a  
shallow china plate as long as possi-  
ble. Place the fish in a shallow dish or  
pan and add a cup of light water  
and a bit of butter, salt and pepper.  
Some add a teaspoonful of  
sugar. Set aside.

Prepare the fish. Split it open  
and place it skin-side down. Season  
it with salt and pepper oil over the  
fish and sprinkle with salt and pepper. Re-  
place in the ice chest close to the ice.  
Cover with another plate. Set your  
table before leaving home and cover it  
with some device to prevent dust  
getting on the food.

A steak or chop might be substituted  
for fish. Potatoes creamed and  
baked with cheese might replace the  
macaroni dish. Baked apples are  
used.

A piece of meat is sometimes de-  
sirable. In a baking dish put a slice  
of sugar-cured ham. Over this pour  
sufficient milk to well cover. Then  
put a layer of potatoes cut into one-  
fourth inch slices over the meat and  
top with potatoes with milk and  
spread a bit of fat trimmed from  
some of the ham over it. Sprinkle  
with paprika or white pepper. Cook  
slowly in a moderate oven for five  
hours. The potatoes become tender,  
the meat the right. This may be  
heated just before serving and with  
baked fruit and bread, and butter  
makes a very delicious meal.

From little trips out of the home,

## IRRIGATION IN B.C.

Large Area Is Included in New Pro-  
ject Near Creston.

An area of two thousand three hun-  
dred and fifty acres is included in a new  
irrigation project near Creston, British Columbia, according to a re-  
port recently made public.

Mr. Murphy held that there  
should be psychopathic experts, mental  
experts in connection with all  
criminal and other courts, the work  
of these experts being to examine  
those who come before them. He  
said that material had been discovered  
in cells of the Spandau arsenal  
sufficient to make 6,000 field guns.

—Selling to  
executives and  
hours of labor and  
an agreement ratified and signed by

so far as they are concerned. But not so, as the result of the  
schism, and the result of the split between the  
two factions in the party. The result will be that the majority  
will be forced to leave the party, and the minority  
be forced upon them of laying off countless numbers of their employees.  
It would be merely a modern application of the old rule of killing the  
goose that laid the golden egg.

And what is true in the case cited, would prove equally true in  
relation to our country. There are other aspects of this very com-  
plex situation, and it is important at this time that people should not dwell  
too much on theories, but face actualities, fundamental principles, and the  
concrete facts of this situation.

## Germany's

## Warlike Ambitions

Machine Gun Shooting 1,500 Bullets a  
Minute Devised By Them.

Former Minister of War Lefèvre,  
speaking in the French Chamber of  
Deputies, said that since he declared  
in a previous debate in the chamber  
that Germany was making a new  
machine gun capable of shooting 1,500  
bullets a minute, he had been asked  
to prove his statement. He said  
the gun had been found in Königsberg, he declared,  
along with a new type of machine gun,  
proving that the Germans were  
making new armament to replace that  
which had been destroyed. He said  
that material had been discovered  
in cells of the Spandau arsenal  
sufficient to make 6,000 field guns.

Settled Again.

Admiral Tirpitz declares that the  
war was won by the British high seas  
fleet, thus disposing of his friend  
Schœber's claim that the battle of Jut-  
land was a German victory.—Hand-  
gen Herald.

## Advocates Mental Experts

Mrs. Emily Murphy Says Crime Is  
Business of Physician and  
Economist.

Crime is not a business for  
the law to deal with as work for  
the physician and economist, is the con-  
tention of Mrs. Emily Murphy, police  
magistrate of Edmonton, who ad-  
vised the Canadian Club and the  
Board of Trade at the Board of Trade  
Rooms at Calgary recently. Mrs.  
Murphy in this question upheld the  
opinions of Mr. Justice Coatsworth,  
New York, in his report on reforms  
necessary in the criminal courts.

Miss Murphy held that there  
should be psychopathic experts, mental  
experts in connection with all  
criminal and other courts, the work  
of these experts being to examine  
those who come before them. He  
said that material had been discovered  
in cells of the Spandau arsenal  
sufficient to make 6,000 field guns.

## It's Really Amazing

the amount of nourishment  
you'll find in a small dish of

## Grape-Nuts

with cream or good milk added

Sweet with its own sugar,  
developed from the grains in  
the making, this sturdy blend  
of wheat and malted barley  
contains in compact form and  
at low cost, the nutritive and  
mineral elements needed to  
build health and strength.

## Calgary Offered

## Herd of Buffalo

Dominion Park's Department May Turn Over From Te to Twenty Animals.

If the citizens of Calgary will promise to assume responsibility for a herd of buffalo to be placed in the Sarce Reserve, the members of the public service generally, the Dominion Park's Department may turn over from ten to twenty animals. But before anything is done by the department, the citizens of that state must decide what they are going to do with the fence, the kind of fencing to be used, the grazing conditions on the reserve and the water supply.

American Bury Farm.

Elmer Woodcock, of Elmer, Illinois, has purchased a fully improved section of farm land near Sperling, Manitoba. He paid \$50,000 for this section, which is the equivalent to about \$75 per acre, as a section measures 640 acres.

## Canadian Structural Materials in Demand

## Value of This Production

Is a New Maximum.

During the war, building activity was reduced to a minimum, and the total value of the production of structural materials and products which had reached a maximum of \$30,809,752 in 1913 and fallen to \$17,467,186 in 1916, increased to \$27,421,510 in 1919. In 1920 the value of the production had increased to a new maximum of \$84,848, and the highest production ever recorded was in 1921 at \$112,000. Owing to the present depression, however, it is important to note in this increase of over 39 per cent, in value, the actual quantities of cement, brick lime and stone produced has been considerably increased in 1920 over the 1919 production.

New York City has more than eleven thousand miles of paved streets and sidewalks.

New York City has more than

eleven thousand miles of paved streets and sidewalks.

German Crimes in Belgium

Some 7,473 Belgians Died as Result

of Occupation.

According to official figures just  
now published, 7,473 Belgians died  
as a result of the occupation and  
occupation of their country. Of these  
4,939 civilians were shot by German  
troops or executed by order of the  
German military authorities, 1,331  
died in prison or were killed  
by German soldiers, and 1,228  
were killed in the course of the enforced deportations to Germany and the French front.

More Wheat in Manitoba.

An increased acreage of 500,000  
acres is expected to be sown in wheat  
in the province of Manitoba this spring.  
Indications are for the early opening

of agricultural operations.

The season has been especially favorable,  
and farmers are getting their machinery  
in order for operations.

Instruction for Soldiers' Wives.

Five hundred and seventy-six wives  
of ex-Canadian soldiers, with their  
children, who were repatriated to Canada  
last year, will be given free lodgings  
while sharing with their husbands

in the dormitory at Edmonton recently  
by the Board of the Soldier Settlement Board.

We bought two pairs of shoes  
the last four days, and paid six cents  
for each pair, and seven cents for  
each boot. We have had a good pencil  
in three years.—York Pa., Gazette.

IRRIGATION OUT QUICKLY

That dragging, wearying sort of  
pain makes life a misery to many people.  
This pain is due to a passive in-  
flammation of the skin, because  
of repeated drops of sweat. Nervine  
cream penetrates deeply, because it  
penetrates away the phlegm and  
the dead tissue, and because it  
penetrates away the dead tissue.

the last four days, and paid six cents  
for each pair, and seven cents for  
each boot. We have had a good pencil  
in three years.—York Pa., Gazette.

PAIN IN THE LOINS

Experiments in Retiring of Flax.

Experiments in the retting of flax  
in Canada are progressing. An On-  
tario grower satisfied himself that flax  
would survive the first fall of snow and  
the first frost if it was retted in the spring  
during a frosty night, and that the flax  
would remain in a dry condition through  
the winter, and that the textile  
strength was in no way diminished.

Experiments by the government flax  
division have, however, had contrary  
results, and in each case the textile  
strength has been greatly diminished.

McNamee's Liniment for Burns, Etc.

Bik For London Zoo.

Three bears were shipped from Van-  
couver, B.C., recently, consigned to the  
Zoological Gardens, London, England.

## HON AND DEARIE

## AWFULY INCONSIDERATE OF POP

**H**OW many more houses are removed, partly from sentimental motives than from the desire to get rid of them? Every house that is well-preserved is always a delight, because it is a record of the past, of its treasured associations, as well as to its natural value. The love of preservation against decay is good taste.

## Brandram's Genuine B.B. White Lead

is a thoroughly tested and simple surface saver—and has held its place for over 20 years. For those who prefer to mix their own, Brandram's Genuine B.B. White Lead, made from Oil-Brit English Paint, makes a most satisfactory paint; for it easily outlasts all other white leads in covering capacity and permanence.

For those who prefer a prepared paint, Brandram's Genuine B.B. White Lead can only be secured in B.H. "English Paint."

## C.P.R. PASSENGER TRAIN OFF TRACK

Five or Six Injured in Wreck Near Sintaluta, Sask.—None Seriously

**WINNIPEG.**—Six people were hurt when C.P.R. train No. 62, Moose Jaw to Winnipeg, struck a broken rail two miles west of Sintaluta at 1:00 a.m.

The injured are: J. D. Edwards, Winnipeg, back

injury; Wm. Hopkins, Durham, Ont., slight scalp wounds.

Laura Linstead, Sintaluta, left arm bent.

Lenox Linated, Sintaluta, contusion on side.

James Robb, Sintaluta, groin injury.

Edward Scarslet, Grendell, bruised. With the exception of Edwards who was in the longer, all the other passengers were in the double coaches which as it left the track, toppled and fell over into the ditch. The sleeper also went down the bank. Several cars left the track, three of them remaining upright. The damage to the equipment and track is heavy, as ties and rails are torn up for hundred yards. The engine, mail and express cars passed the broken rail in safety and remained on the track. No one of the passengers are seriously injured, according to Sintaluta doctors who attended them.

## DATES for AUCTION SALES

If you intend to have a Sale be sure you leave the date at Review Office, Bow Island, D. M. Garrison Auctioneer

## WINNIFRED

Mr. H.T. Luther was the first to boast of young chicks again this spring, on March 17th thirty young chicks were hatched, these are from his well Wyandotte strain, the future champions of Alberta.

A meeting of the Bone-Ball fans was held on Monday March 21st to discuss League and also make arrangements for a Dance to raise money to buy uniforms. Winnifred is in the League with Forestwood, Grassy Lake, Burdett, and Bow Island. Winnifred fans will make the circuit stone wall this season.

Mrs. Jules Levenue returned from Red Willow, Alta. last week and has been nursing at the home of Mrs. G.W. Parker who has been very ill for several months. Mrs. Parker's many friends are glad to learn she is slowly recovering her health.

Mr. Grant Mitchell now of Bow Island Globe Store spent Sunday at the home of M.H. Smith.

W. H. Scott, Reid Parker, A. E. Kendall, W. Tubaer, M. E. Luther, J. W. Denison, Geo. Dunn and Tom Parker were the Delegates appointed to go to the Convention at Medicine Hat on March 23rd, for the U. F. A.

Frank Lyon has lost three heavy work horses they all died since January of the same disease.

Mr. and Mrs. Percy Colthorpe have moved on Mr. Ruthie's Farm he has rented it for three years.

Mr. Clarence Purcell of Carmangay is the guest of Tommy Dunn this month.

Mari Hodgson returned from Taber last week.

Mr. James Castle's many friends regret to hear he is very sick in Medicine Hat Hospital and will undergo an operation.

Mrs. Milo Scott of Medicine Hat was visiting at the home of her daughter Mrs. Tom Treacle last week.

Mrs. Makil Hinch is visiting friends in Medicine Hat. Isabelle is home from school to spend Easter Vacation.

School Inspector Buchanan of Medicine Hat, visited the Winnifred School last week and reported extra good work being done.

Henry Baker is back from Mountain expecting to find again this season.

Miss Stella Dowler was the guest of Mrs. Lulu Smith Monday and Tuesday.

Jack Esson is back from B.C. and is employed at the farm of Fred Petty.

Mr. and Mrs. A.N. Wetherell and brother Godfrey were in Medicine Hat visiting friends during the Easter Holidays.

O.H. Cooper was in Medicine Hat last week on a business trip.

Winnifred farmers express great faith in Halford the rain-maker scheme and are ready to put in a big crop again this year.

Mrs. Joe Fisher is away on a visit in Montana this month, the store being closed during her absence.

Mrs. E. A. Angle and Mrs. Paul Buehring entertained the Ladies Aid March 24th, at the Globe Rest Room.

Mrs. Gee Scott was a Bow Island visitor Saturday March 30th.

The Norwegian visitors will meet at the home of K.K. Bergan Thursday March 31st. Mrs. G.A. Moger will cater the luncheon everybody welcome.

Mr. Ole Han has rented I.M. Clarkson's farm and will put in a big crop this spring.

Miss Irene Backstrom of St. Theresa's Academy is home for Easter vacation with her parents.

Mr. and Mrs. Ted Winchcombe spent Sunday at the home of Mr. and Mrs. Tom English.

Mr. and Mrs. Lou Calloway have returned from the States and are back on their farm.

Miss Alice Mc Kee left last week for her home in Manitoba, she had been teaching at the Fawn School.

Mr. and Mrs. Frank Lawson have moved on Darrell Steel's farm this week.

Herman Holmes returned from Chardishburn to be ready for spring work.

Good Cheer Topics

Mr. N. Routhier left last Monday for Manitoba, after renting his farm here to Mr. Percy Colthorpe.

Mr. Buchanan, Provincial School Inspector visited our School last Wednesday.

Dr. Cairns of Bow Island made a professional call last Sunday to the home of Alex Boddy.

Mr. Walter Marsden of the I.J. Ranch, is the possessor of a fine bunch of young calves, born during the last cold spell. Slim also reports having full fall up.

Mrs. Russell and son who have been visiting her daughter, Mrs. A.E. Smith left Tuesday for her home in the States.

Mrs. Ella Perry and Miss Ethel Borch of Bundt were callers at the Linquist home last Tuesday.

## Russian Revolt is Not Yet Quashed

STOCKHOLM.—An anti-soviet rising is reported to have occurred at Kazan, about 560 miles east of Moscow on the Volga, according to dispatches received here. Some of the members of the extraordinary commission in the city are said to have been killed, and the commission's headquarters burned.

Many others have been killed, it is declared. The insurgents, the advice state, are masters of the entire city and vicinity and have ordered a general mobilization in the district.

In Western Russia anti-soviet movements also are reported. Fighting in White Russia between soviet troops and peasants is continuing and Pakov is said to be in the hands of the revolutionaries. The White Russian peasants have been reinforced by deserters from the red guard, the message asserts.

Another disturbed section is said to be in the Minak region, where conflicts between soldiers and insurgents are reported raging, the revolutionary activities so far having resulted, it is asserted, in 20 soviets in various parts of the region being driven out.

## Bow Island Additional

Mr. and Mrs. I.M. Mitchell and family returned to Bow Island Wednesday after spending the winter in Lethbridge, to try their luck on the farm this spring.

Mr. Langford returned from his Easter Holidays on Tuesday, he reports having had a most pleasant time.

Regular meeting of the Town Council was held in the council chambers on Friday the 18th day of March, 1921.

Members present: Mayor Reid, Councillors Ferne, Calder and Bratton, Secy-Treas. Bateman and Soldier Lyons.

Minutes of the last regular meeting were read and approved.

The following accounts were read:

J. Rich, Hauling Cinders \$4.20

C. J. Thompson, Labor on Gas Line 9.00

Provincial Secretary, Auto Reg. 1.05

Alberta Govt. Phones, L. D. Service 2.60

Welshbank Co., Mantles 56.90

R. S. Beattie, Auto Supplies 28.35

Truck 11.00

R. S. Beattie, First Payment on Truck 436.83

Braton-Caldwell "What accounts as read be paid when assessed by the Finance Committee" Carried.

The account of R. S. Beattie was reduced 45¢ on account of one quart of oil charged in error.

Letter from the Department of Education to our solicitors in reply to correspondence in connection with the school situation.

Request from Mrs. DeLong for a rebate on Dog Tax, as they were leaving town was not granted.

The Secretary-Treasurer brought before the Council and asked for instructions in the matter, in connection with taxes on property outside the town limits, which were levied by the town for school purposes, prior to the district being made a village district, and which were now being held by the town as security for money advanced to the school board by the town, as there was no machinery in the Tax Recovery Act to deal with the situation, excepting a vague clause which might be construed to mean that these taxes be turned over to the municipality in which the lands were situated, for tax sale. Solicitor was asked to look into the matter and advise.

Appointment of Medical Health Officer.

Mr. Cairns was appointed Medical Health Officer for the year 1921 at the rate of \$100.00 per annum. Council adjourned.

A Lecture on "Socialism" to be delivered by Rev. Thomas H. Greene in the L.O.O.F. Hall on the 9th of April promises to be a real treat, to anyone who enjoys an intellectual discourse on a live and interesting subject.

Father Greene's reputation as a speaker is well established and his popularity will we believe bespeak for him an enthusiastic reception on his appearance on the lecture platform on April 9th. The lecture will commence 8:30 p.m.

Mr. Litt and Mr. H. Scott, of Grassy Lake were business visitors here last week.

Mr. and Mrs. Potter, who have been spending the winter months in town moved out to their farm last week.

Mr. Fowler and daughter were business callers to town last week.

The friends of Miss Dollie Brownring are pleased to hear that she is getting along so nicely.

Mr. and Mrs. Bradner entered to dinner Mr and Mrs Ostum and daughter on Thursday last after which a very pleasant evening was spent.

Mrs. Ostum was a business visitor to Medicine Hat last week.

## Police Court News

Herbert A. Watthen appeared on Tuesday the 22nd inst. before the J. P. for preliminary hearing on a charge of theft of a single driving harness, less bridle and one line.

Information was laid by Mrs. Smith Mr. Watthen was represented by F.O. McKenna of Bow Island.

Constable Bradner brought the harness on the premises of Watthen under authority of a search warrant.

Mrs. Smith identified the harness as her property except two rings in the back-pad which had been put on the harness by Mr. Watthen, after her father had loaned him the harness about eighteen months ago, she had asked Watthen to return the harness several times last Summer but he did not do so, on March 1st she went to Watthen's place to get the harness.

There was no one on the place, so she took them home and left them in the buggy, when she went to the buggy the next morning the harness was gone.

Mr. Fowler identified the harness as the property of his daughter, Mrs. Smith, he had lent them to Watthen about eighteen months ago, the harness was the same except the two rings which Watthen had put on, during cross-examination Fowler admitted Watthen said he would bring the harness back but did not do so and also that the harness was legally in Watthen's possession when his daughter took it. Mr. Watthen had worked for Mr. Fowler quite a lot. After hearing the evidence the case was dismissed.

## The Weather

March 1921

Thursday 24th. Sunny in forenoon cloudy and windy late day.

Friday 25th. Snowing all day.

Saturday 26th. Snow in forenoon fine later.

Sunday 27th. Sunny and bright all day.

Monday 28th. Dull and stormy, high winds and a little snow all day.

Tuesday 29th. Stormy, high winds and snow during the night.

Wednesday 30th. Dull and warmer.

Thursday 31st. Cloudy.

## Swat Every Fly. Now

The flies are just coming out again, for your Health's sake, kill everyone of these Disease Carriers now and save having Millions of Flies later on, carrying Disease and Death.

# Premier Of France Believes That Germany Will Discover Resources

Premier Briand, replying to interpretations in the French Chamber of Deputies concerning the recent reparations conference, said that if the allies remain firm and united, the Germans will discover that they (the Germans) have astonishing resources. Germany had been vanquished, he declared, but the psychological effect of this was insufficiently apparent to the German people.

M. Briand told the Chamber he went to the London conference bound to maintain the reparation figure arrived at in Paris, but ready to make concessions regarding the method of payment.

"I frankly told our allies there was a wall against which we were backed," he declared. "The military plan was good, but it was not likely to be effective although strenuous. Regarding security, he asserted: "I might say the allied gun are trained on Essex, and we control the movement of the greatest part of the Ruhle Gun.

Premier Briand said that probably it is a besieging Germany, disputing foot by foot, and trying to surround the neutral countries by buying newspapers. But the day we let ourselves be persuaded and seem to abandon our cause, we shall be beaten by another Germany, and all ready to attempt in the economic domain the imperialist conquests she failed to achieve in the military domain.

Speaking of Germany's ability to pay, M. Briand said: "Germany has no foreign debt. Her taxes are lighter than ours and her economic situation is better. The German budget has been erected with apparent disimulation. Germany said at St. Quay that she could not deliver 800,000 tons of coal, but managed with a penalty, she delivered nearly 2,000,000."

"At London Germany declared she could not exceed the payment of a billion francs. In the same month, memory of an ultimatum, the Germans discovered resources and agreed to pay during five years, the most difficult time the figures of the Paris agreement. We have a right to demand and say there are unfortunate events.

"Germany's position is that of a debtor and not of a merchant who pays out his profits. She owes her debts, but she does not pay. We have a right to tell her great feudal lords of industry, finance and agriculture: 'It is all your assets that you are liable for payment of your debt. You have mines, forests and railroads. You have factories so prosperous that your scandalous profits no longer are published. You should mobilize them for the payment of your debt.'

"Our soldiers are at Dusseldorf, Darmstadt, Berlin, and other camps trained on Escaut to show something," the Premier exclaimed. His words were almost drowned in the applause.

He gave the British Prime Minister credit for being the first to react to the German proposals, and paid him tribute as "the sincere friend of France."

Regarding the duration of the occupation of the new territories, M. Briand said: "We demand that the Germans where they were until the questions of reparations, disarmament and the trial of the accused German officers were definitely settled."

## Starch And Its Uses.

Apart from its uses as a starch substitute for pasta, powdered starch is a good silver polisher, and is far superior to breadcrumbs, dough and such like for cleaning soiled wallpaper. Powdered finely and gently rubbed over the walls with a clean, soft duster, the dirt will come off easily. It will remove even those stains caused by the grease in bricks. A lump of starch dissolved in water for cleaning windows is more effective than whitewash. Boiler starch may be washed over nests of dead gnats and allowed to dry. This will form a skin, and if the linoleum is to be polished a very small quantity of polish need be used.

## And Oh, the Difference.

How often you hear new phonograph records in the office workroom!—"It would be all right if we could agree on records, but the boss always puts 'Work for the Night is Coming' while the employees all prefer 'Home Sweet Home'."—Carnegie Magazine.

If you have a half hour to spend don't spend it with some one who hasn't.—Columbia (S.C.) Record.

## Body of Unknown Soldier Cannot be Identified

Remains Were Chosen From Hundreds of Thousands of the Killed.

There is not the slightest possibility that the remains of the Empire's unknown soldier, now resting in Westminster Abbey, will ever be identified. Captain the Rev. M. Mullineux, M.C., said this very clearly when he explained the reason the remains of the soldier who was chosen for the hundreds of thousands of unknowns who gave life for the cause.

Wise precautions were taken in this direction, and the consequence is that the remains of the unknown soldier will be numbered among the unknown dead on the battlefields of any of the fighting fronts may cherish the hope that the ashes of her hero rest beside those of England's honored dead.

Captain Mullineux said:

"I might say the allied gun are trained on Essex, and we control the movement

of the greatest part of the Ruhle Gun.

Premier Briand said that probably it is a besieging Germany, disputing foot by foot, and trying to surround the neutral countries by buying newspapers. But the day we let ourselves be persuaded and seem to abandon our cause, we shall be beaten by another Germany, and all ready to attempt in the economic domain the imperialist conquests she failed to achieve in the military domain.

Speaking of Germany's ability to pay, M. Briand said: "Germany has no foreign debt. Her taxes are lighter than ours and her economic situation is better. The German budget has been erected with apparent disimulation. Germany said at St. Quay that she could not deliver 800,000 tons of coal, but managed with a penalty, she delivered nearly 2,000,000."

"At London Germany declared she could not exceed the payment of a billion francs. In the same month, memory of an ultimatum, the Germans discovered resources and agreed to pay during five years, the most difficult time the figures of the Paris agreement. We have a right to demand and say there are unfortunate events.

"Germany's position is that of a debtor and not of a merchant who pays out his profits. She owes her debts, but she does not pay. We have a right to tell her great feudal lords of industry, finance and agriculture: 'It is all your assets that you are liable for payment of your debt. You have mines, forests and railroads. You have factories so prosperous that your scandalous profits no longer are published. You should mobilize them for the payment of your debt.'

"Our soldiers are at Dusseldorf, Darmstadt, Berlin, and other camps trained on Escaut to show something," the Premier exclaimed. His words were almost drowned in the applause.

He gave the British Prime Minister credit for being the first to react to the German proposals, and paid him tribute as "the sincere friend of France."

Regarding the duration of the occupation of the new territories, M. Briand said: "We demand that the Germans where they were until the questions of reparations, disarmament and the trial of the accused German officers were definitely settled."

## Shipping and Shipbuilding In British Columbia

Vancouver is Now Linked With the Orient by Ten Lines of Steamships.

During the last year there has been a satisfactory development of the shipping of the port of Vancouver. Several new lines of transportation have been established, and Vancouver is now lined with the Orient by ten lines of steamships, with Europe (via the Suez Canal) and the Far East by two, with two British Indies and the East Indies by two. The total number of vessels visiting this port during 1920 was 11,489 consisting of a gross tonnage of 7,396,000 and 330 deep sea ports with a gross tonnage of 11,823 vessels, with 9,281,000 tons. More than 300,000 passengers landed, and 293,624 embarked from Vancouver.

The shipbuilding industry has not been in the same healthy condition, however, as it was during the 1917-1919 period. This is partly a result of the depression, and the market which brought back to the regular channels of trade much tonnage which was previously employed by government. "I am confident, however," declared the president of the Canadian Shipbuilding Corporation, "that Canada is successful in her efforts to secure a steel plant she will be very favorably placed as regards the building of steel vessels."

Enormous difficulties have had to be overcome by the local shipyards in getting steel, which is required to build steel many thousands of miles to enable them to construct their vessels. With a steel plant operating somewhere on the Pacific coast that difficulty would be overcome.

Automobile Weights But 155 Pounds.

An automobile now being put on the market by a London firm weighs but 155 pounds. Its chassis is made of plywood, the same as is used in building aeroplanes, when ever used.

For this car, it is claimed it may be carried on the back without fatigue; it can be stored in the hall at home without inconvenience, and it can even run on the floor, and peddle with out the least injury.

Accommodating.

Squint—How old are you? and you can't do heavy work? what can I do? The Wearsy One! Well, wot's the matter wif emolish cigar in the greenhouse to keep hours the bins!

Remembered.

Observer—"I noticed you got up and gave that lady your seat the other day."

Observed—"Since childhood I have respected a woman with a strap in her hand."—Telephone Review.

## Experiments In Stock Raising

### Tests to Determine Possibility of Converting Cheap Feeds Into Marketable Beef.

Although the cultivation of sunflowers as a silage crop has only been taken up within the last one or two years, yet the extraordinarily heavy yields of this new fodder crop and its adaptability to the climate created an interest that threatens to place a new flower patch on every dairy and stock farm on the prairies.

Consequently a series of experiments are being conducted by the Animal Husbandry Department of the University of Alberta to determine the comparative feeding values of the various allage and feeding crops are attracting considerable attention. The feeding tests commenced in November last and will be continued until the end of March.

The objects of these experiments are: First to determine the possibility of profitably converting the cheap feeds of this country into marketable beef, rather than attempting to ship dried hay or grain to distant parts of Canada or to other countries for the finishing purposes; second, to compare a full feed of silage and grain with a poor quality of hay in the variety or strain under consideration, a fresh start must be made by:

(a) Securing elite stock seed or registered seed from another grower or institution;

(b) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(c) The harvested seed must be kept to standard as regards quality, purity, vitality;

(d) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(e) Securing elite stock seed or registered seed from another grower or institution;

(f) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(g) The harvested seed must be kept to standard as regards quality, purity, vitality;

(h) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(i) Securing elite stock seed or registered seed from another grower or institution;

(j) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(k) The harvested seed must be kept to standard as regards quality, purity, vitality;

(l) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(m) Securing elite stock seed or registered seed from another grower or institution;

(n) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(o) The harvested seed must be kept to standard as regards quality, purity, vitality;

(p) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(q) Securing elite stock seed or registered seed from another grower or institution;

(r) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(s) The harvested seed must be kept to standard as regards quality, purity, vitality;

(t) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(u) Securing elite stock seed or registered seed from another grower or institution;

(v) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(w) The harvested seed must be kept to standard as regards quality, purity, vitality;

(x) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(y) Securing elite stock seed or registered seed from another grower or institution;

(z) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(aa) The harvested seed must be kept to standard as regards quality, purity, vitality;

(bb) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(cc) Securing elite stock seed or registered seed from another grower or institution;

(dd) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(ee) The harvested seed must be kept to standard as regards quality, purity, vitality;

(ff) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(gg) Securing elite stock seed or registered seed from another grower or institution;

(hh) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(ii) The harvested seed must be kept to standard as regards quality, purity, vitality;

(jj) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(kk) Securing elite stock seed or registered seed from another grower or institution;

(ll) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(mm) The harvested seed must be kept to standard as regards quality, purity, vitality;

(nn) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(oo) Securing elite stock seed or registered seed from another grower or institution;

(pp) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

(qq) The harvested seed must be kept to standard as regards quality, purity, vitality;

(rr) Evidence of deterioration, degeneration or lack of purity appear in the variety or strain under consideration, a fresh start must be made by:

(ss) Securing elite stock seed or registered seed from another grower or institution;

(tt) Selecting a number of typical heads or panicles, to furnish seed for a plot of any size the following year, the crop from which plot, if approved, will be used as a nucleus for further experiments;

**News of the Past and the Future  
South of Burndett.**

Mr. Peterson of Burndett has been in the Ballman School this Saturday to organize a U.P.A. Local. It is indeed a pleasure to have Mr. Peterson as he is a very good speaker. Two hours long had he been talking about the views of the U.P.A. and the results already obtained by this organization. To illustrate Mr. Peterson's ability as a speaker in keeping the farmers interested, I will quote the last part of his speech when he said: "I will quit now otherwise I may make it too long, just as a woman did when she put the following inscription on the Tombstone of her dead husband. Rest in peace until we meet again."

During the meeting 14 farmers joined the Ballman Local and the following officers elected: N. H. Strom, G. O. Edmund, J. Hazel, M. B. Johnson, Carl Lindquist, and M. H. Hoel.

John Boeneman of Monarch who has been visiting his son south of Burndett returned home last week.

Good Friday is past once more, but indeed it was a good Friday, for the farmers as we got plenty of wet snow that day. The farmers are smiling, it makes the outlook for crops so much brighter you know.

**WESTFIELD**

Around here, I'm afraid that the farmers will have to go earlier or less cooking next summer for, between the Ladies Circle and the U.P.W.A. the ladies will spend quite a little time on the roads.

Several farmers from Westfield were at Ballman School house Saturday evening to attend the U.P.A. They were addressed by Mr. Peterson who is the U.P.A. Organizer for this district, he gave some very good facts regarding that work and encouraged the farmers to stay with it. I think we need men like Mr. Peterson to talk more often, and awaken the farmers up to the fact that they have got to stick together if they expect to get anywhere.

The Prairie Boys did not meet Friday owing to the storm. Neither did the X.L. Square meet. Both clubs expect to be on deck next Friday.

The Westfield boys called the X.L. Square are having a Concert and lecture in the Westfield School House on April the 8th.

Mr. Gilbert of Bow Island is giving the lecture and the boys of Bow Island called the Gee Club are giving the music, we hope that all the neighbours and friends will be present that night.

We were all glad to see the smiling and cheerful face of Mr. Taylor last Sunday, owing to the bad weather and roads he has been unable to reach this appointment, but all hope that he can get his two wheeled car through after this.

Westfield farmers expect to organize a local U.P.A. soon.

Come to Westfield April eight  
It's in the evening don't be late.

The boys of Bow Island called the Club of Gee Will give us the music, come and see. Mr. Gilbert from Bow Island too, will give the lecture, that's good and true.

Mr. Henry Gross went to Lethbridge Tuesday and returned Thursday evening, they are going to spend Holidays with friends.

Mrs. Esther Elford went to the Hat for the vacation.

Mr. and Mrs. Jim Shearer are going to the Hat the first of the week for their vacation. Mr. Shearer is going to give a lecture while he is away.

The women of Westfield were greatly disappointed Saturday for Mrs. Peterson from Tabor was going to organize a U.P.W.A. but owing to the storm she didn't come. The women of Westfield were one of the first to start that movement.

**BE PREPARED****Spring Work will not be Delayed much longer.****Buy your supplies in Large Quantities**

We offer interesting prices on Case Lots of:  
Tomatoes, Corn, Peas, Canned Fruit, Jam, Syrup Etc.

**We Aim to Please -- Give Us a Trial****BURDETT MERCANTILE STORE**

A. H. RYGG, PROP.

The L. D. S. Ladies has been staying in town for the last few days. They left their elevated in the North and expects before many days are over to take over one in one of the near by towns so we will often see them at the Ball Games which are scheduled to again be put on in this district. A Ball Game without Del in Burndett would not somehow seem right.

Speaking of Ball it is hoped that everyone will do their best to honor for the local league which is being formed. Burndett in previous shows shown that it can be relied on to show good sportsmanship in this matter and no more enjoyable games are seen than those on the local diamond.

Miss McLeod was an Easter visitor at Mrs. McGalliard's over the Easter holidays.

The "Naughty Bride" will be at the G.W.V.A. Hall in Grassy Lake on Saturday, April 2nd.

Dance after show.

**Church Notice**

The United Church, Burndett  
Pastor Rev. Percy Johnson  
Sunday School at 11 a.m.  
Evening Service 7:30 p.m.  
Wednesday Bible Study Class at 8 p.m.  
in the Parsonage.

The L. D. S. Church hold services at 11 a.m. and 2 p.m. every Sunday.

Everybody welcome, lots of good music and hearty singing.

Cook and clean Sunday and take a fresh load on life and happiness.

**ROY ACCIDENTALLY SHOT**

TORONTO.—Cloy Tupling, nine years old, was shot dead by a companion, Harold Holmes, 15 years of age, near Leaside, Ont. as they were returning to their homes in this city after a shooting expedition in the country. It is said the shooting was accidental. An inquest will be held.

Westfield farmers expect to organize a local U.P.A. soon.

Come to Westfield April eight.

It's in the evening don't be late.

The boys of Bow Island called the Club of Gee

Will give us the music, come and see.

Mr. Gilbert from Bow Island too,

will give the lecture, that's good and true.

Mr. Henry Gross went to Lethbridge Tuesday and returned Thursday evening, they are going to spend Holidays with friends.

Mrs. Esther Elford went to the Hat for the vacation.

Mr. and Mrs. Jim Shearer are going to the Hat the first of the week for their vacation. Mr. Shearer is going to give a lecture while he is away.

The women of Westfield were one of the first to start that movement.

Ted Mechem was a visitor with Geo. Thacker this week. He tells us that the mines are not working full time at Taber. He will try to be able to arrange for a visit to Burndett of the Taber Veterans when the good weather arrives. They are a real live bunch in that town.

Mrs. Ernest Jubb and daughter

Eana have just returned after a winter's visit to England. They are glad to be back in a

Pravie Town after the bustle of a big

English City

The Annual Meeting of the Burndett G.W.V.A. will be held in the Club on Sunday next at 2:30 p.m. It is hoped that every member will make it his business at attend as the officers for the coming year will then be elected.

The "Naughty Bride" will be at the Majestic Theatre, Burndett on April 1st.

Hats off to the ladies of the Returned Soldiers Aid Society who at one time have been instrumental in the right of the

Indemnity Fund to be considered the first and foremost cause to be considered in Burndett, their enterprising effort of which will give pleasure to all.

That the "Naughty Bride" will be at the Majestic Theatre, Burndett on April 1st.

**Burndett News**

From our own Correspondent

Last Fall a Society was formed in Burndett by ladies who were interested in Returned Men's affairs. A large number of those who had worked so hard during the war to keep Burndett's reputation to the front in Red Cross work at once joined up. During the winter this body has been heard from in a quiet way from time to time and at last it came to be recognized that they were the leaders in entertainment and general good work in Burndett.

Monday night was the culminating point when an entertainment which had been spoken of with bated breath was presented to the public.

All roads led to Burndett and the weather being for once propitious a great crowd assembled, the theatre was so crowded that many could not gain admittance and went away disappointed hoping that a repeater will be arranged at an early date.

At eight fifteen the Concert started with "God Save the King" followed by a part song with the Burndett Male Choir. Mr. Duff sang a couple of Scotch songs and then came an old favorite in Mrs. Poole who was well received.

The next item was the great draw of the evening with Medaines Kirk, Sibley, Edmund, F. Bowe, Thacker, Mrs. Johnson, Bishop, Neil and Alice with Mr. Colman at the piano. These ladies presented a well known sketch "The Park Sisters from Alaska." The setting of the stage was most appropriate and the costumes of the artists was very correct. It is difficult to mention names but one of the best singing soloists in Burndett sang "My Love" as the older sister in charge of Sophia (Mrs. Neil) who while not a singer was one of the party, her antics and quips were indeed good. The play went without a hitch and showed that all had worked hard in preparing their parts. We have had professionals here who were not half so good as this home talent.

Next on the programme was a song by Alice Pool who is a great draw and who was much appreciated. Then Messrs. Sears and Johnson sang a duet in their well known style. Following this came a reading by Mrs. Hugh McLean, then a song by Mrs. Leo Hanefel which she was received by the delighted audience.

On the list of good things was that pretty sketch "Girls" in which Medaines, Edmund, Thacker, F. Bowe, Bishop and Alice Pool with Mrs. James Neil showing to great advantage, the dancing of all was a pretty sight but the singing of Mrs. James Neil together with her dancing brought the house down - she was resilled and gave the audience a great treat by dancing the Highland Fling. At the conclusion she was presented with a basket of flowers by the audience.

An old favorite of the district then took the stage-Mrs. Atherton, who is well known to all concert goers here, simply took the house by storm by her character song for which she received an instant recall.

A very pleasing and perfectly acted little playlet "Lunatics" was then put on by Miss Bishop and Brian Anderson. The Male Choir then brought the Concert to a close.

It is impossible to conclude without mentioning three of the ladies who have not been particularly referred to - Mrs. Anderson as the Prompter, Mrs. Colman as the Pianist. Mrs. G. H. Johnson who did so much work in the preliminary arrangements as well as taking her place on the stage.

The above mentioned ladies have at once established their position as the best trained and most popular entertainers in the district and will no doubt be heard from again in the near future.

When the Concert was over the floor was cleared and dancing was the order of the hour in the morning, nearly one hundred couples were dancing, supper was served at the Brown's Hotel in style known to this establishment.

With such a crowd as Burndett had it goes without saying that although the price of admission was only fifty cents for the show and fifty cents for the dance quite a large sum was realised.
